MOHAMMAD ARMAN

Full Stack Developer | MERN Stack | React.js
Chittagong, Bangladesh

Email : armanhabibweb@gmail.com
Phone : +8801608-283372
Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Full-Stack Developer focused on building modern, responsive, and maintainable web applications using JavaScript, Tailwind CSS , React.js, Node.js, Express.js and MongoDB. Experienced in developing reusable component-based interfaces, REST API integrations, responsive UI/UX, interactive animations, and production-ready applications. Strong programming foundation in Python, Java, C , C++ and SQL with hands-on experience using Git, GitHub and modern deployment platforms. Passionate about software engineering, scalable web applications, and continuously learning emerging technologies, with a growing focus on Artificial Intelligence, Machine Learning, and Data Science to build intelligent, data-driven solutions.

TECHNICAL SKILLS

Languages : JavaScript (ES6+), Python, Java, C++, C, SQL, Kotlin, Assembly
Frontend Development : React.js, React Hooks, React Router, TanStack Query, Tailwind CSS, DaisyUI, Bootstrap, Framer Motion, GSAP, Responsive Design, Component-Based Architecture
Backend & APIs : Node.js, Express.js, REST APIs, API Integration, Firebase Authentication, Stripe Integration
Databases : MongoDB, MySQL
Development Tools : Git, GitHub, VS Code, npm, Figma, Pixso
Deployment & Hosting : Vercel, Netlify, Cloudflare, Surge
Mobile Development : Android Studio, Android SDK
Design : Adobe Photoshop, Adobe Illustrator
AI & Productivity Tools : ChatGPT, Gemini, DeepSeek, Stitch, Antigravity
Computer Science Fundamentals : Data Structures & Algorithms, Object-Oriented Programming, DBMS, Debugging, Performance Optimization

EXPERIENCE

Lecturer – Computer Technology
Chittagong, Bangladesh
Gausul Azam Maizbhandari Polytechnic Institute
Sep 2025 – Present

- Teach computer technology and programming-related subjects with a practical, problem-solving-focused approach.
- Explain programming, database, and computer science concepts through structured lectures, practical sessions, and technical examples.
- Mentor students on programming assignments and technical projects, strengthening communication, leadership, and problem-solving skills.
- Prepare technical learning materials, assessments, and practical activities for diploma-level students.

YouTube Educator & Technical Content Creator
Self-Directed
Jan 2023 – Present

- Create educational content focused on programming, computer science, diploma-level technical education, and practical learning.
- Research, simplify, and present technical concepts through structured explanations and visual learning materials.
- Develop educational resources that help learners understand programming and technology concepts more effectively.

PROJECTS

TicketBari - Online Ticket Booking Platform
React.js • Node.js • Express.js • MongoDB • REST API • Tailwind CSS

- Built a full-stack ticket booking platform with dynamic ticket discovery, booking workflows, and responsive dashboards.
- Developed RESTful APIs and MongoDB-based data management for handling booking and application operations.
- Implemented reusable React components and responsive UI for a smooth cross-device booking experience.

ZapShift - Parcel Delivery Platform
React.js • Node.js • Express.js • MongoDB • REST API • Tailwind CSS

- Developed a full-stack parcel delivery platform with role-based workflows for customers, riders, and administrators.

- Implemented parcel management, delivery operations, dashboards, and API-driven application functionality.
- Built responsive, reusable interfaces using React.js and Tailwind CSS with a focus on usability and maintainability.

SmartDeals - E-Commerce Platform

React.js • Node.js • Express.js • MongoDB • REST API • Tailwind CSS

- Developed a modern e-commerce platform with dynamic product browsing and user-focused shopping workflows.
- Integrated REST APIs and MongoDB to manage product and application data across the platform.
- Designed reusable React components and responsive interfaces to deliver a consistent shopping experience across devices.

EDUCATION

B.Sc. in Computer Science & Engineering *2026 - Present*
Dhaka University of Engineering & Technology (DUET)
Currently Studying

Diploma in Engineering - Computer Science & Technology *2022 - 2026*
Gausul Azam Maizbhandari Polytechnic Institute
CGPA : 3.94 /4.00

Dakhil *2010 - 2021*
Maizbhandari Ahmadia Emdadia Madrasah
GPA : 4.94/5.00

CERTIFICATIONS

Complete Web Development Course — Programming Hero
React.js Course — Programming Hero
Introduction to Android Studio — Simplilearn
NSDA Graphic Design — Level 3 — National Skills Development Authority (NSDA)
